

1

## Contribute to M-Lab

M-Lab welcomes the participation of industries, institutions, and researchers who would like to help expand the platform and ensure its growth and success.

2

## Use M-Lab Data

We want people to use M-Lab data in new ways, and are actively seeking partners to do data analysis, visualizations, and hosts for new sites. Find out more on our website:

<http://www.measurementlab.net/contribute>

3

## M-Lab Measure App

Run M-Lab tests in your Chrome browser.

Help port it to Firefox!

<https://goo.gl/kLBbmR>

**01**

Consumer starts  
an M-Lab test

**02**

M-Lab service provides  
closest server to use for the  
test and collecting data

**03**

Test is run between  
Consumer's browser and  
the closest M-Lab server

**04**

Accessible metrics  
shown to user, data  
stored on M-Lab server

**05**

Completed test data is  
packaged and sent to  
storage and BigQuery

**06**

Applications consume and  
visualize open data using  
queries & APIs
